Read the following paper:-

Letter from E.C.Wood, Esquire, I.C.S., Collector of Bellary, R.O.C.No.967/37-B.1, dated the 8th November 1937.

:::

The District Superintendent of Police, Bellary has made an application for the installation of a telephone in the town police station at Hospet, which has recently been connect-ed with the Bellary exchange and the District Superintendent of Police, Bellary considers the installation of a telephone in the Town station a convenience, in as much as it greatly facilities the prompt dissemination and interchange of information concerning crime and criminals who operate in the Western Taluks of the District and the frontier.

The Divisional Engineer, Telegraphs who was consulted in the matter reports that the annual rental for this tele-

phone

telephone connection would be Rs.60/- per annum. It will not be possible to use it except for trunk calls.

I enclose copies of the District Police Superintendent's application and the report of the Divisional Engineer for information.

Copy of letter R.C.No.396/GI/37 dated the 13th February 1937 from the District Superintendent of Police, Bellary, to the Collector of Bellary.

I request that the Government may kindly be moved for the installation of a telephone in the Town Police station at Hospet for the following among other reasons:-

As a public trunk call telephone office to work into the Bellary Exchange has been newly opened at Hospet Post Office, I consider that the installation of a telephone in the Town - Police station at Hospet is necessary in the public interests and will greatly facilitate the prompt dissemination and interchange of information concerning crime and criminals who operate in the Western Taluks of the District, from the Mysore Province, the Bombay Presidency and His Exalted Highness the Nizam's dominions.

With a telephone in the Police station, I can promptly get into touch with the local police from Bellary and ascertain and control the activities of political organizations in t h e Western taluks.

I request that you /would be pleased to take necessary action urgently.

Copy of letter No.P.21/98 dated the 7th October 1937 from the Divisional Engineer, Telegraphs, Coimbatore Division, Coimbatore to the Collector, Bellary.

With reference to your letters R.O.C.No.1018/37-B.1, dated the 1st April 1937 and R.O.C.No.1020/37-B.1, dated the

14th

the 14th April 1937, I have the honour to inform you that the rental for each of the telephone connection from t h e Public call office, Hospet to (1) Town Police Station, Hospet and (2) Revenue Divisional Office, Hospet will be Rs.60/- and Rs.84/- per annum respectively payable yearly in advance with one year's guarantee in each case.

The following are the conditions under which - these will be rented.-

(1) Only trunk calls (outside Hospet) will be permitted to be made. No intercommunication between the several - telephones at Hospet itself will be permitted.

(2) The usual trunk call rates from Hospet Public call office will be charged for each call, to be passed through the Hospet Public call office.

(3) A late fee of annas eight will be payable on each call, in addition, if calls are made outside the working hours of the Public call office.

(4) The Department reserves to itself the right to discontinue the arrangement should it consider it necessary to do so, especially in the event of a Departmental Exchange being opened at Hospet.

I should be glad if you would kindly let me know if the above rates and conditions are acceptable.

To The Secretary to the Government of Madras,

HOME Department.

Sir,

-p 4 a.

Refce:- Home Department Memorandum No.21773-B-1, dated 4th December 1937.

I have the honour to state that a telephone connection if installed in the Town Police Station at Hospet, can be used for trunk calls only and not for local calls. The advantages which such a connection will provide will not, I think, be commensurate with the expenditure involved. References between Hospet and Bellary on matters of importance or urgency are comparatively rare and in an emergency the Public Trunk

Telephone Call Office can be utilized. I therefore recommend that the proposal be dropped.

I have the honour to be,

Sir,

Your most obedient servant,
